Our Story

Stories are powerful. They define us and shape our society. At Halo Espresso we love sharing ours, which extends far beyond the walls of this café. It reaches communities across Australia and even remote villages as far away as Asia and Africa. It started out as a passion and love for coffee, food and community. Soon it became more. We began dreaming of a simple and enjoyable way for people to make a difference. We decided to connect coffee and food lovers with a cause greater than themselves. Greater than us! So here we are...

Halo Espresso is a social enterprise. We exist to help alleviate poverty around the world. 100% of the profits go to the work of Initiate Australia – a charity that invests in clean water, education, health and small business. By eating and drinking at Halo Espresso you are partnering with us to make the world a better place.
